Buena Vista Café | Bar | Lounge

Featuring cosy armchairs and an open fire, the lounge is the ideal place for a reception, gathering or nightcap. It is also available for private bookings in combination with banquets.

Yucatan Music | Food | Events

A wild party after an elegant dinner, a live concert to end a business dinner – the Yucatan Bar often provides the perfect setting for ‘the second part’ of a celebration and is also available for private bookings.

Food and drink

Since no two celebrations are alike, it is always important to choose food and drink accordingly. We like to customise your choice according to the season, your personal preferences and the type of presentation. In terms of presentation, there are basically two options: a served menu or a buffet. A combination of both is, of course, also possible. Festive verrines – small delicacies served in a glass – represent the latest culinary trend, a kind of flying dinner celebration: small portions of a large variety of starters, main courses and desserts are served layered on a stick or in a small glass as finger food. Whether hot or cold, these bite-sized portions offer something for everyone and are a great way of trying a little bit of everything. The other great thing about festive verrine buffets or flying dinners is that no seating arrangements need be made. All dishes can be eaten while standing and the choice of buffet food encourages people to move around, creating a relaxed atmosphere.

Once you have chosen your culinary theme and type of celebration, we will provide you with a few menu suggestions to choose from. You will then be

able to sample your chosen menu at a rehearsal dinner during our restaurant opening hours. Please understand that unfortunately not all food is suitable for serving in small portions. 60% of the menu price will be charged per person at the rehearsal dinner.

Naturally, the menu can be adapted to suit allergy sufferers and guests with special dietary requirements. Please inform us of any such special requirements well in advance.

Children are, of course, also welcome. A special menu and seats can be provided especially for children. Please inform us of the number and age of children well in advance.

Our wine list features a wide selection of imaginative wines. Here you will find something for everyone – from the wine connoisseur or label drinker to those who enjoy the occasional tippie. And if your favourite wine is not on the list, we are always happy to order it from our supplier.

Wine tasting is also part of the rehearsal dinner, to ensure you choose the perfect wine to accompany your meal.

Decoration

We decorate the tables with white fabric tablecloths, white fabric serviettes or Dunilin napkins in the colour of your choice. Dunilin luxury paper napkins are very similar to fabric serviettes and are available in a wide range of colours.

Chair covers

Upon request, white covers can be provided for your banquet chairs for just CHF 7 per cover.

Flowers

You can, of course, also arrange your own flowers and have them delivered to the hotel on the day of the event.

Rooms

The south wing of the Hotel Bellevue-Terminus is a display of extravagance, offering an urban lifestyle amidst an Alpine landscape.

42 new rooms have been created, combining elements of La Belle Époque with a modern design and contemporary furnishings, while at the same time eliminating spatial boundaries: living, sleeping and bathing quarters flow seamlessly into one another. Vibrant colour concepts in violet, green, petrol or sand based on dark oak flooring create the framework for three categories of smart luxury:

The New Standard – Superior – Junior Suite

One particular highlight is the Top-Connection, consisting of a combination of a Junior Suite with a Superior room and benefiting from a private lobby that can be used as additional living and storage space.
